

GREAT LAKES CHAPTER, VCOA JUNE, 2016, NEWSLETTER

Well, we are a week away from the LONGEST day of the year... AND the first day of summer. What are the chances of that happening on the same day? It's a good thing, because your board members and committee members are working hard to prepare for and promote our upcoming VOLVOS AT THE GILMORE VI to be held at the Gilmore Car Museum and the Grand Rapids area the weekend of August 12-13.

The board and committees held a special meeting on Tuesday, June 14, at 4 pm in the southeast corner of the state in the Wooden Boat Capital of the World..... Algonac, MI, home of the original Chris Craft Corporation. More than 250,000 wooden boats were built in this area from the 1890s until the early 1970s.

The following photos were taken by John Northup at the meeting: <https://picasaweb.google.com/102693683722660518447/6296518980973594737>

We have a long list of volunteer assignments.

This group of committee chairs is working hard to ensure we have a fun, cost effective and memorable event. Consider giving a little bit of your time to help wherever you can.. As you know, many hands make light work!
